RESEARCH POLICY

The Research Policy of St. Ann's College for Women is quite transparent in the sense it focuses on bringing awareness and possibilities for Research and Development among the faculty members and students. Feasible environment is provided for the teachers to pursue Research projects and enhance their credentials by registering for Ph.D. Multi-disciplinary and inter-disciplinary Research projects are brought to cognizance by co-ordinating workshops and Research related Personnel development.

Research and Development Cell

In view of the National Education Policy (NEP-2020) as per the instructions of the University Grants Commission, Research and Development Cell was established in the College to Catalyze quality research and to strengthen research ecosystem for the benefit of faculty and students in facilitating research, innovation and technology development keeping in mind the following objectives.

- To create conducive environment for enhanced research productivity.
- To identify the priority areas of research and form respective cluster teams.
- To utilize the services of active faculty in research to train the talented young minds.
- To organize workshops and training programmes so as to ensure the integrity and ethical practices in research activities.
- To develop a policy so as to trigger research interest among the faculty and students by way of incentivizing quality publications as incentives to endure positive impact.
