MOTTO : EDUCATE, ENRICH, EMPOWER About the College :

St. Ann's college for women was established in 1997 to uplift the rural women, impart intellect and spiritual integrity into the young lives and serve them for overall development. It is affiliated to Acharya Nagarjuna University and ever since its inception it has been emerging as a universal cosmopolitan and prestigious college in Guntur.

Initially the college had only B.Sc (M.B.C), B.Sc (M.P.Cs) and B.Com (General) courses. In 1998, B.C.A. course & B.Sc (M.S.Cs) were introduced. Keeping in pace with the emerging needs of the society, additional course of B.Com (Res.) was added in 1999. Seeing the aptitude for research in Biology, the courses were again streamlined in 2003 with the introduction of Biotechnology (B.B.C). To bridge the gap of previous value based education and the present day job oriented education, a Post Graduate course of M.C.A was installed into College Academics in 2003. During the Academic year 2007 – 2008, to be in par with the professionalism, M.B.A course was introduced and the college grew to the heights of excellence in educational ladder and thus reached the status of Post Graduate College.

In the present day of Commercialization of Education, though the college is encircled with many corporate colleges, still it has a strength of 900 students and 35 experienced, competent teaching Staff and 10 non teaching Staff, both at UG and PG levels. As the college is away from hustle & bustle of City, a serene and calm environment prevails in the campus.

Objectives of the Workshop

1. Focused on helping participants to understand basics of research methodology with special emphasis on writing a research proposal.
2. To provide the platform for discussion on the methodological requirements of research.
3. To enable researchers, irrespective of their discipline, in developing the most appropriate methodology for their research studies.
4. To create an awareness about the various data collection techniques and methods of presentation.
5. To provide the information regarding how to publish the papers in various types of Publications, Journals.

Major Topics to be Transacted
