### *THE VALUE OF A WORD*

There was a boy named Max whose mother was died at his month's age only. Now he was living with his father who works at the steam furnace in the ship. The father loves max a lot, where he goes he even take max along with him. The ship he was working in travels for twenty-five days on the ocean to reach the destination and it returns in the same way. As the ship was very large the captain had allotted the rooms for the workers at the top of the ship which was very far to their working area in the ship. Even max and his father live there. But this time the ship was filled with all the drunk and the dangerous people. It was not safe to seven years' old max to roam and play in the ship.

So, max's father said to max "don't come out of the room whatever happens in the ship until I come to you "by saying he went to his work. After some time, the burners near the furnace had busted and the flames surrounded in the ship. Max's father had died as he works near the furnace. The captain in the ship is in hurry of saving the lives of his passengers but max doesn't know the things which were happening in the ship but he can hear all the sounds. The captain came to max and asked to open the door and save his life. But max said that "my father said not open the door until he come to me "then captain was asking max again and again to open the door and save his life, but there is only one reply from max it was" my father said not to open the door until he comes", but his father is not alive to come near him. After some time, the flames surrounded the room of max; the captain had jumped out of the ship to rescue his life. Even though max was not opening the door and by crying he was saying "daddy come to me and save me these flams are frightening and reaching me please come to me and save me or at least say me a word to come out" but his father was not there to hear him. By valuing his father's words max didn't come out of the room. Finally, max had burnt and died in those flames only. ....When interviewed these words are said by the ship captain who had rescued from the ship. Now it was up to us how much value we are giving to the words of our parents and god.

This was not a short story but a real story.

### *A Very Special Bank Account*

Imagine 'you had a bank account that deposited \$86,400 each morning. The account carries over no balance, from day to day. Allows you to keep no dash balance, and every evening cancels whatever part of the amount you had failed to use during the day .What would you do? Draw out every dollar each day. We all have such a bank .Its name is "**TIME**".

Every morning ,if credits you with 86,400 seconds .Every night it writes off, as lost ,Whatever time you have failed to use wisely. It carries over no balance from day to day .It allows no overdraft so you borrow against yourself (or)use more time than you have EACH DAY. The accounts started fresh each night it destroys an unused time. If you fail to use the day's deposits, it's your loss and you can't appeal to get it back. There is never any borrowing time. You can't take a loan out on your time or against someone else's. The time you have is the time you have and that is that.

Time management is yours to decide how you spend the MONEY. It is never the case of as not having enough time to do thing, but the case of whether we want to do them and where they fall in our priorities.

*One song can spark a moment.  
One flower can wake the dream.  
One tree can start a forest.  
One bird can herald spring.  
One smile begins a friendship.  
One hand claps lift a soul.  
One star can guide a ship at sea.  
One word can frame a goal.  
One vote can change a nation.  
One sunbeam lights up a room.  
One candle wipes out darkness.  
One laugh will conquer gloom.  
One step can start each journey.  
One word can start each prayer.  
One hope will raise our spirits.  
One touch can show you care.  
One voice can speak with wisdom .  
One heart can know what's true.  
One life can make a difference.  
SO YOU SEE ,IT'S UP TO YOU?*

## AN INSPIRATIONAL STORY

Once upon a time a daughter complained to her father that her life was miserable and that she did not know how she was going to make it. She was tired of fighting and struggling all the time. It seemed just as one problem was solved, another one soon followed.

Her father, a chef, took her to the Kitchen. He filled three pots with water and placed each on a high fire. Once the three pots began to boil, he placed potatoes in one pot, eggs in the second pot, and ground coffee beans in the third pot. He then let them sit and boil, without saying a word to his daughter. The daughter moaned and impatiently waited, wondering what he was doing.

After twenty minutes he turned off the burners. He took the potatoes out of the pot and placed them in a bowl. He pulled the boiled eggs out and placed them in a bowl. He then ladled the coffee out and placed it in a cup. Turning to her he asked "DAUGHTER! What do you see?"

"Potatoes, eggs and coffee" she hastily replied.

"Look closer", he said and touch the potatoes she did and noted that they were soft. He then asked her to take an egg and break it. After pulling off the shell, she observed the hardboiled egg. Finally, he asked her to sip the coffee. Its rich aroma brought a smile to her face. "Father what does this mean?" she asked. He then explained that the Potatoes, the eggs and coffee beans had each faced the same adversity-the boiling water. However, each one reacted differently.

The potato went in strong, hard and unrelenting, but in boiling water, it becomes soft and weak. The eggs were fragile, with thin outer shell protecting its liquid interior until it was put in the boiling water. Then the inside of the egg become hard.

However, the ground coffee beans were unique. After they were exposed to the boiling water, they changed the water and created something new.

"Which are you", he asked his daughter. "When adversity knocks on your door, how do you respond? Are you a potato, an egg or a coffee bean?"

## సందేహ మార్గం

నాకు ఎప్పటినుంచో ఉన్న సందేహం. చీమలు అసలు నిద్రపోకుండా ఎప్పుడూ ఏదో ఒక పని చేస్తూనే ఉంటాయి. ఇంకా ఎప్పుడైనా, ఏదైనా ఆహారం కనిపిస్తే ఈ చీమలన్నీ వరుసగా కలిసిమెలిసి ఎంతో క్రమశిక్షణతో, తెలివితో ఆహారాన్ని తెచ్చుకుంటాయి, అంతేకాక ఈ చీమలు ఎప్పుడూ ఎలా ఎవరిచేతుల్లో చనిపోతాయో తెలియదు. అంత చిన్న జీవితం ఉన్న వీటికే ఇంత కష్టపడేతత్వం, ఇంత క్రమశిక్షణ ఉన్నప్పుడు ఇంత పెద్ద జీవితం ఉన్న మనుషులకి ఎంత క్రమశిక్షణ, పట్టుదల, తెలివితేటలు ఉండాలి అనేది నా సందేహం. మనుషులు చీమల్లా బ్రతకడం వాటిలా ఆలోచించడం ఎప్పుడు నేర్చుకుంటారో అని చూడాలని ఉంది.

నా ఉద్దేశం నిద్రపోకుండా ఉండమని కాదుసుమీ! మనుషులు కష్టపడి, తెలివితేటలతో మంచి మార్గములో వెళ్ళాలి.... అనేది నా ఆలోచన.
